Public Schools

Dear Class of 2019,

It has been my pleasure to spend my first year as Principal of WMHS working with an amazing Senior class. Your leadership in the building, your collective strength as a class, and your individual achievements in the classroom, on the athletic fields, in performance spaces, in service to this community, and in many other personal endeavors, will leave a lasting impact on this building.

I hope that your experience at WMHS has been a special four years of your life that you will never forget and that it has offered you the support, challenge, and preparation you will need to take on whatever comes your way. I also hope you will hold onto the core values that you have learned here and continue to incorporate these values into everything that you do: respect, personal responsibility, and the acceptance and celebration of differences.

As you head out into the next phase of your life, I urge you to remember the words of Ralph Waldo Emerson, which sit on my desk as a daily reminder for me: "Do not go where the path may lead; go instead where there is no path and leave a trail." May you each find your own path to a happy and fulfilled life.

On behalf of the entire WMHS community, I want you to know how incredibly proud we are of each one of you. We also cannot wait to see all the great things that are yet to come for the Class of 2019. Best of luck!

Ms. McLeod,
WMHS Principal

Remembering Meghan Burnett

Meghan Burnett was a graduate of Wakefield Memorial High School in the class of 2018, who sadly passed away shortly after graduating. While at WHS, she was a captain of the softball team, a section leader of the marching band, a member of Diversity, an avid trumpet and viola player, along with countless other things. Despite her involvement in these numerous activities around the school, what Meghan was most known for was her smile and her love for others. Her smile was the sole most infectious thing about her; she would always go out of her way to ask how you were doing and to spread positivity. Meghan truly cared about others, and it was known to everyone she was the most caring, fun-loving person that you would ever meet. Meghan lived her life with a sense of profound wonder and a dedication to making a difference in the world.

"Strength doesn't come from what you can do, it comes from overcoming the things you once thought you couldn't."

Dedicated to Mr. Beebe

How do you say goodbye to someone as legendary as Mr. AJ Beebe? It seems like an impossible task. Mr. Beebe has worked at Wakefield Memorial High School for 33 years, but his history with this school goes back to 1974, when he entered the building as a part of the freshman class. Prior to coming to Wakefield, Mr. Beebe traveled around a lot, but finally found his home in Wakefield. It is here that he met his future wife (also a WMHS graduate), raised his two boys (both WMHS graduates), and, later, returned to work here for his entire career. He graduated in 1975 from WMHS.

Once graduated, Mr. Beebe planned on attending Salem State to pursue a career in Art. While home, he was hit by a car and suffered serious injuries and had to push college back a year. He switched things up and decided to major in Psychology and moved to the University of Maine Orono. Eventually, Mr. Beebe transferred to Merrimack College and graduated with a degree. Though his path changed, he didn't lose sight of what he wanted to do with his life...helping others was what he was meant to do.

Mr. Beebe started his professional journey in the Wakefield Public Schools at the Galvin Middle School as a paraprofessional. Later, he transferred to the Alternative Program at Wakefield Memorial High School as a counselor, which, at the time, was located in the Woodville School. On any given day, you would see Mr. Beebe outside the school hanging out with students, simply getting to know them or visiting their homes to drag them to school because he knew it was what was best for the students. Eventually he became the Director of Guidance at WMHS and spent the past 15 years doing this job with a smile on his face

As much as he was there for students, he was also there for members of his department. Mr. Roberston reflected on how Mr. Beebe took him under his wing when he first started at WMHS is 2002. It was Mr. Beebe that got Mr. Robertson involved in the tennis program and who introduced him to his future wife.

Both Mr. Robertson and I agree, Mr. Beebe was our big brother here at WMHS and, though he never served that role in real life, he was our big brother and we think he really accomplished this role better than anyone.

The title of "Unofficial Mentor to Just about Everyone" seems fitting for Mr. Beebe. Though he was never my mentor, from the moment I started my work in Wakefield, he supported me as a mentor, but more importantly as a friend. Imaging daily life at WMHS without him is a scary thought. He has occupied these halls for 33 years as an employee and in general for 45 years in some capacity. The one thing that makes his retirement a bit easier is knowing that he will never really leave. He will always be around.

In talking with Mr. Beebe, I asked him what his one piece of advice was for the graduating class of 2019. His answer, "When you get where you want to be remember how you got there and who helped you. No one does anything alone." So, I sit here wondering, how we are supposed to do this alone, without him here.

Since Mr. Beebe is great at giving advice, I thought I would leave him with a bit of advice. AJ, no matter where you end up, WMHS is your home and you will always have a place here no matter what way your retirement path takes you. We will miss you more than you know and, forever, this place will feel a bit different without you in it. The purple chair in your office that was my, and so many other people's, spot to vent, reflect, talk or just sit quietly will sit in memory to you forever. Now, on to bigger and better things.

Enjoy every second.
With love and respect,
Gerrilyn Trafficante
